Office of the Goverment Director
Industrial Concerns,
Bangalore, 2nd August 1943.

No. G. 124

To

The Secretary to Government,
Development Department,
Bangalore.

929

Sir,

SCOTT FORCED CIRCULATION VACUUM EVAPORATOR REQUIRED FOR INDUSTRIAL & TESTING LABORATORY.

Adverting to Government Order No.D.7223-26/I&C 89-42-1 dated 8th May 1943 sanctioning the purchase of the above evaporator for the Industrial & Testing Laboratory from United Kingdom for taking up the manufacture of Malt extract, Liver extract, etc on a large scale, I have the honour to state that in this Office No.Gl.1841-4 dated 23/6/43 (copy enclosed) to the Chief Controller of Imports, New Delhi, the necessity and urgency for getting the equipment was explained and he was requested to forward the Import Licence to this Office and the essentiality certificate to the Trade Commissioner for Mysore in London. The Chief Controller of Imports in his letter No.317/5/U.K./1-43 dated 13th July 43 has declined to issue the license applied for and has not indicated any reason for the action.

This equipment cannot be fabricated in India and as already explained to Government it is required to facilitate production of essential manufactures both during the war and the post-war period. I therefore request that the Government of Mysore be pleased to address the Government of India for securing the essentiality and

Copy of letter No.G1.1841-4 dated 23/6/43 ~~dated~~ addressed to The Chief Controller of Imports, New Delhi by the Government Director Industrial Concerns, Bangalore.

Subject- Import license and essentiality for the manufacture and import of an Evaporator from the U.K.

I have the honour to enclose herewith a copy of my letter No.G1.1670 dated 25th May 1943 to the Director General Munitions Production requesting him to grant the import license and certificate of essentiality in favour of the Government Industrial & Testing Laboratory for getting a Scott Forced Circulation Vacuum Evaporator made of copper with stainless steel tubes, without thermo compression, at an approximate cost of £ 1837/- F.O.B. British Port from Messrs.George Scott & Sons,Ltd., London who have offered to manufacture the same on receipt of essentiality recommendation. The license Officer, D.G.M.P has adviced us in his letter No.(E&I)/1055/U.K. dated 5th June 1943 (copy enclosed) that the subject does not belong to his department and that the application has to be submitted to you. The purpose for which the equipment is required by us has been explained in the letter to the D.G.M.P.and in view of the urgency of getting it expeditiously from England I request you to kindly grant the import license and the essentiality certificate very early As the orders with the English manufuacturerss have to be placed immediately through the ~~Trade~~ Commissioner for Mysore in London. I request the favour of very early action to issue the above license and certificate. The import license may be forwarded to this Office and the Essentiality certificate to the Trade Commissioner for Mysore in London. The formal application for the issue of import license is also enclosed herewith.

COPY.

S.S

GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

No. S. 2936/91c 7-43-17 General and Revenue Secretariat,

Dated Bangalore, 2-11- October, 1943.

FROM

The Secretary to the Government of
His Highness the Maharaja of Mysore.

To Development Department.

The Secretary to the Government of India,
Department of Commerce,
New Delhi.

SIR,

Subject:-Scott forced circulation vacuum evaporator required for the Government Industrial and Testing Laboratory.

I am directed to state that the above evaporator is urgently required for the Government Industrial & Testing Laboratory, Bangalore, in order to undertake the manufacture of on a large scale of malt extract, liver extract etc., which are required by the Laboratory for the preparation of some of its own products and which are also in demand from the Supply Department of the Government of India. On a reference made by the Government Director, Industrial Concerns, Bangalore to the Chief Controller of Imports, New Delhi in letter No.Gl.1841-4 dated the 23rd June 1943 (copy enclosed) requesting the grant of the necessary import License and Certificate of essentiality in favour of the Industrial & Testing Laboratory for getting the evaporator from Messrs George Scott and Sons Ltd., London the Chief Controller of Imports in his letter No.317/ S/ U.K./ 1-43 dated the 19th July, 1943 to the Government Director, Industrial Concerns, has declined to issue the license and certificate applied for without indicating any reasons for the same.

As this equipment cannot be made in India and as it is required to facilitate production of essential manufactures in the Laboratory both during war and afterwards, I am to state that His Highness' Government would be grateful if you could kindly arrange with the authorities concerned for the grant of the import license and certificate of essentiality in favour of the Government, Industrial and Testing Laboratory, at an early date.

I have the honour to be,
Sir,
Your most obedient servant,

Secretary to Government 27/10
Development Department.

Scrap 4/2

Sir,

Vacuum Evaporator for the Industrial & Testing Laboratory.
=====

I write to state that in this office letter No.G.649 dated 11th January 1944 sanction of Government has been requested for the provision of capital grant for the purchase of the above equipment from the United Kingdom. The Minister instructed some time back that the evaporator suitable for both Malt Extract and Milk products may be obtained from the suppliers. In this connection it is understood that for getting a type of evaporator modified to suit Milk products also an additional cost of about £.1,200 is involved. Further, it is reported by the General Manager, Industrial & Testing Laboratory that due to scarcity of milk prevailing now the manufacture of milk products could not be conveniently undertaken at present. If a modified type of evaporator has to be ordered now the Import Licence granted by the Chief Controller of Imports already will have to be got suitably revised and Messrs. George Scott & Son requested to alter the specifications and blue prints. As the order for the evaporator suitable for Malt Extract, Liver Extract, etc., has since been placed with the above firm through the Secretary, Stores Purchase Committee and payment of 1/3 of the price has been made in advance through the Comptroller, I wish to suggest that it is

p.t.o

is desirable to obtain the Malt Extract evaporator immediately and a separate evaporator or drum drier for Milk products obtained separately in due course. In the above circumstances I request very early approval of Government may kindly be obtained to proceed with the obtaining of the Evaporator according to the arrangements already made and the Trade Commissioner in London requested to expedite the despatch of the Evaporator as a lot of delay has already occurred since the proposals were started.

Yours sincerely,

Charles E.Noronha, Esq., M.A.,
Secretary to Government,
Development Department,
Bangalore.

Dear Mr. Shamanna,

Sub: Vacuum Evaporator for the I.T.L.

tion I+C

No. 7-43

al.No. ~~27~~ 30.

I am directed to invite reference to D.O. letter No. G. 699 of the 7th Feb. 1944 from the Govt. Director, Industrial Concerns, to the Development Secretary, wherein he has requested very early approval of Government to proceed with the obtaining of the Evaporator according to the arrangements already made. On account of the correspondence regarding the possibility of obtaining one evaporator for both malt extract and milk products, the work has not been taken up yet in England and the Trade Commissioner is awaiting instructions. I request very early orders of Government in order to enable me to cable the Trade Commissioner to proceed with the work of the malt extract evaporator.

To 2/3/44

O J

G. D., D C.

The matter may be kindly treated as urgent.

Thanking you,

Yours sincerely,

Kii Rao
